

The Office Mission of Discover Chiropractic

To serve you tirelessly to minimize your suffering and in support of a powerful, passionate and healthy life.

To adjust subluxations for the reduction of your symptoms and the betterment of YOU, our community and society as a whole.

To do what we must to check, adjust and teach everyone possible about what chiropractic is, and how it is completely unique and different.

To educate our community members and our circle of influence about the dangers of subluxation.

To stop other chiropractors from spreading the cancerous lies that are keeping you entombed in a cycle of suffering.

Subluxation Kills!

Intention Statement:

The intention in our office is for you to quickly get out of crisis and grow to a new level of health, from your new heights, the dungeon of pain is almost invisible, yet lurking.

Vision Statement:

Our vision is to end needless suffering, early death and outside-in thinking, therefore encouraging and guiding our community to being a vibrant, healthy, happy place to live through Chiropractic care and education.
